No-name storm wreaks havoc

A no-name nor'easter blew through the region last week, causing downed trees, power lines, and causing widespread power outages. See story on page 12. First Amendment to the U.S. Constitution

Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the Government for a redress of grievances.

Judge Murray Gurfein, Pentagon Papers case, June 17, 1971:

"The security of the Nation is not at the ramparts alone. Security also lies in the value of our free institutions. A cantankerous press, an obstinate press, a ubiquitous press must be suffered by those in authority in order to preserve the even greater values of freedom of expression and the right of the people to know."

From The Editor

WEST ISLAND —
A day late and many dollars short.

Ouch! That storm was a doozy (see page 12). Last week we lost power and it messed up our schedule getting the paper out, but we managed it.

This week, we have some great pictures of the damage that little no-namer did.

A few boats at the marina got loose from the docks and ended up on the rocks. The big trucks had to come and pluck them out of the water as the wind died down a bit. But, it was still pretty windy. We got some great pictures of it. We also got a few good pictures of some of the trees that came down around town. A couple of them ended up on top of cars. Now THAT's a big ouch.

Next Thursday is Veterans Day and our annual parade (see page 3). It's nice to have things getting back to normal after all the cancellations last year.

Be sure to get out there and let our veterans know we appreciate them. Line the route. Take flags with you. Take the kids.

Then be sure to go to the high school for the raising of the "Big Flag." If you've never seen that, take advantage of the opportunity now. It's quite the sight. Not only is it spectacular as it goes up just because of how big it is (50x30 feet), but against the backdrop of our magnificent high school, it's downright breathtaking.

There are also events in New Bedford, also on page 3. We change the clocks this weekend...sniff, sniff.

It's time to fall back. That means you set your clocks back one hour earlier on Sunday morning at 2, or before you go to bed on Saturday night.

Sunset will be around 4:30 after the change. Ugh...

Luckily, it doesn't last too long. Here's to spring!

There's other stuff in here, of course. Lots of great happenings are going on again. Be sure to check out every page. And be sure to notice who our advertisers are so you can tell them you saw their ads in the *Neighb News*.

Until next week ehnt...see ya

CORRECTIONS/CLARIFICATIONS

Vets day is next Thursday, 11/11

Veterans Day is Thursday, 11/11, and both Fairhaven and New Bedford are holding their traditional parades. Both were canceled last year due to the pandemic.

So, let's show veterans how we missed honoring them and get out there and line the streets.

Fort Taber/Fort Rodman is also hosting Veterans Day events.

FAIRHAVEN PARADE

Thurs., 11/11, 9 a.m. Main Street from Benoit Square south to Fairhaven High School

Annual parade to honor all veterans is followed by a brief ceremony, including raising the "Big Flag" and cannon-firing in front of Fairhaven High School.

Veterans and other marching groups are welcome to line up at Benoit Square at 8:30 a.m. Parade steps off at 9:00 a.m. The parade is coordinated by the Fairhaven Veterans Services department.

After the parade veterans and the public are invited to the Fairhaven VFW, 109 Middle St., for a buffet.

The Fairhaven Council on Aging

will have a COA van in the parade. Call the Fairhaven Senior Center at 508-979-4029 to sign up if you are a veteran who wishes to ride in the van.

NEW BEDFORD PARADE

The public is invited to the 2021 New Bedford Veterans Day Parade. This year's parade is being put together in a joint effort between the New Bedford Veterans' Advisory Board, the City of New Bedford, as well as the New Bedford Veterans' Services Department.

This year's parade will take place on Thursday, 11/11. If the parade is canceled there will be a service held at the Fort Taber Community Center located inside Fort Taber Park, 1000A S. Rodney French Blvd., New Bedford, 02744, and all are invited to attend. The service will begin at 1:00PM.

The parade will form at the intersection of Rockdale Avenue and Union Street (Buttonwood Park) beginning around 10:15AM and stepping off at 11:00AM.

The parade will march East on Union Street to County Street; then turn left and head North on County Street to William Street where it will turn right onto William Street. The Parade will head east on William Street past City Hall and the reviewing stand which will be located on the right in front on the New Bedford Main Library at the intersection

of Pleasant Street and William St. Approximate address for the end of the parade is 613 Pleasant St., New Bedford, MA 02740.

A Veteran's Day service will be held at the reviewing stand following the conclusion of the parade and we invite everyone to stay for it.

If you plan on marching in this year's parade, we ask that you please RSVP so that we can put our marching order together as well as have a list to publish of all organizations participating. Please RSVP by calling the New Bedford Veterans' Services Department at 508-991-6184 or an email cgommes@newbedford-ma.gov

If you do not RSVP because you are unsure whether you can participate but then find out you can, we invite you to still show up to the parade. All who want to participate in the parade will be given the opportunity but a call to the Veterans' Services Department to let us know would be appreciated.

At Fort Taber/Fort Rodman

Please join the Fort Taber-Fort Rocman Military Museum on Nov. 11 for our annual observance of Veterans/Armistice Day. The museum will be open from 10 a.m. to 4 p.m. Coffee and donuts will be available.

At 11 a.m. the museum will participate in the Bells of Peace ceremony, marking the end of World War I.

At 1 p.m. the museum is proud to host the presentation of "The Use of Animals in WWI," presented by Joe Yukna of the Cape Code Military Museum (1 hour). This bizarrely fascinating tale tells of the expected and surprising uses of animals during the Great War. May not be suitable for small children.

HHR descendant spills the family secrets

Pirate's Gold at Fairhaven Town Hall

If you have heard mysterious rumblings in Riverside Cemetery, it may have been Henry Huttleston Rogers turning over in his grave. One of his descendants, Andrew Coe, has written a blockbuster exposé about the Rogers children and grandchildren. *Pirate's Gold* is the story of an American fortune, a Gilded Age Robber Baron, and his descendants who inherited more money than was good for them.

Rogers left his children \$49,000,000 in 1909 — the equivalent of more than a trillion dollars today. Their struggles over money, love, and control left a trail of tabloid headlines, heartbreak, and tragedy in their wake.

On Monday, November 15, sponsored by the Friends of the Millicent Library, Mr. Coe will give a lively presentation of *Pirate's Gold* at Fairhaven Town Hall from 7 to 9 p.m. He will sell and sign books after his reading.

Admission is free, but a suggested donation of \$5 will support Millicent's

Tech Lab, a new creative space in the library. Seating is limited, and we suggest that you reserve a place through our website, <https://www.friendsofmillicentlibrary.com>. Masks are required.

Author Andrew Coe, a direct descendant of Henry Huttleston Rogers, holds up a copy of his book, "Pirate's Gold," about HHR's fortune and the Rogers family scandals. *Photo submitted.*

Fall back this weekend

Daylight Saving Time ends this weekend. Be sure to turn **BACK** your clocks one hour at 2 a.m. on Sunday, or before you go to bed on Saturday night.

After the change, sunset will be at around 4:30 p.m.

Tuesday, 12/21, will be the shortest day of the year, the Winter Solstice. Then the daylight hours will gradually increase.

Daylight Saving Time returns on March 13, 2022.

Delicious autumn!
My very soul is wedded to it, and if I were a bird I would fly about the earth seeking the successive autumns.

Street Lamp FR

Help Light Up the Town Hall Sidewalk!

The Fairhaven Historical Commission is currently conducting fundraising efforts to privately fund the Historic Street Lamp Project around Town Hall.

Six decorative Victorian Street Lamps will be installed around the Fairhaven Town Hall Block. Two in front of Town Hall, two on William St. and two on Walnut St.

The generosity of six sponsors has already made it possible to purchase the street lamps.

Additional funds are needed to purchase all the necessary supplies to make the electrical connections. (wire, electrical boxes, lamp foundations and other assorted supplies).

Underground pipes are already in place to support the electrical feed

for these lights.

Please consider a monetary donation of any size to make this worthwhile project a reality.

Checks can be made payable to: Fairhaven Historical Commission Gift Account, c/o Fairhaven Town Hall, 40 Center Street, Fairhaven, MA 02719

Fairhaven Town Hall employees get into the Halloween spirit

Fairhaven Town Hall employees got into the Halloween spirit on 10/31/21, with a costume parade, decorated door contest, and lots of Halloween fun. Selectboard Chairperson Bob Espindola also joined the fun as Frankie Valli (although he says he did not sing), and hung out with the Beauty School Dropout (a song from "Grease") women. Judges were Recreation Director Warren Rensehausen and Council on Aging Director Anne Silvia, although the identity of the winners remained elusive through press time. Montigny Opposes New District

On November 1, the state legislature's Special Joint Committee on Redistricting released a proposed redistricting map for the Massachusetts congressional districts. This proposal would retain the separation between New Bedford and Fall River, leaving the Southcoast region divided. Senator Montigny opposes this proposal and has offered the following statement:

"The proposal released this afternoon continues an unjust and inequitable division that dilutes our region's collective voice," said Senator Mark Montigny. "New Bedford and Fall River are post-industrial working-class cities with vibrant growing minority populations. We share many common economic interests such as offshore wind, commuter rail, and advanced manufacturing. Simply put, our interests do not align with affluent Boston-area suburbs or the South Shore. Dividing our cities into separate congressional districts dilutes our collective voice and must not be allowed to continue. I will work aggressively in the Senate to unite New Bedford under one congressional district for the Southcoast region."

The existing and proposed map can be accessed at <https://malegislature.gov/Redistricting>

Science Cafe

Please join us for New Bedford Science Café, Tues., 11/9, 6-8 p.m., at The Vault Music Hall & Pub, 791 Purchase St., New Bedford. Open to everyone. Free, save for the beer!

Our guest Michael Metzler, former president/CEO of St. Anne's Hospital, will discuss "Inside American Health Care; A Call for Change."

Health care in America is vastly more complicated and expensive than in other developed countries. (E.g., our drugs cost roughly 50% more than elsewhere.) Michael will compare health care in other countries to the United States' system and present specific proposals that could go a long way toward improving access and cost. He is the principal of Michael Metzler Consulting, LLC. He's also the author of

Health Assurance for All: Inside American Health Care, A Call for Change, which, so generously, he'll make available to Café attendees at no charge.

We request that those who join us in-person be vaccinated. Facemasks are strongly recommended. A video of this Café will be available on our website and Facebook page 1-2 weeks after the event.

Local Columnist

Long time Standard-Times columnist Susan Pawlak Seaman will speak on 11/16, at 4 p.m. in the Grand Reading Room of the Claire T. Carney Library, UMASS-Dartmouth. Public invited. No Admission Fee.

After 45 years editing and writing for the new Bedford Standard-Times, Susan Pawlak Seaman posted her final column "Live and Learn" on May 3, 2020. Her own story began at Apponequet HS where she posted articles about learning through a student's eyes. Eagerly working in the paper's Middleboro bureau, Susan fell in love with journalism there, charting a new course as an English Major at Stonehill College, graduating in 1974.

She earned journalistic kudos for her steady, sensitive reportage in Middleboro through the seventies. After a tour of duty for the S-T in Fairhaven, she at last emerged as an editor/columnist, married to the multi-talented S-T photographer Hank Seaman in October of '78. Their life together, along with extraordinary personal stories about life in the city of Melville and Douglass became a precious narrative for readers.

Recipe of the Week

Caramel-Apple Crisp

Yummy warm apple dessert.

Serve with whipped cream and additional caramel topping.

1/2 cup caramel topping

1/2 teaspoon ground cinnamon

6 large baking apples, peeled and cut into 1/2-inch slices

2/3 cup all-purpose flour

1/2 cup packed brown sugar

1/2 cup cold butter, cut into small pieces

2/3 cup quick cooking oats

Preheat oven to 375°

Stir the caramel topping and cinnamon together in a bowl. Toss in the apples, mixing until evenly coated. Spread apple mixture into an 8-inch square baking dish.

Mix flour and brown sugar into the same bowl used to mix the apples. Cut in the butter with a knife or pastry blender until the mixture resembles coarse crumbs. Stir in the oats, then crumble over the apples.

Bake in the preheated oven until the apples are tender and the topping is golden brown, 45 to 50 minutes.

Dear Frankie

Alone and Scared

Dear Frankie,
I always thought humans were a little dramatic when they talked about being overwhelmed and traumatized. That is until it happened to me.

Several weeks ago, my mom went grocery shopping. Usually, she leaves around 8 a.m. and is back by 11. When she didn't come home by 1 o'clock, I started to get nervous. By 7, I was hysterical.

I knew in my heart something terrible had happened to her. I barked for as long as I could, but no one came.

The following day my mom's friend finally showed up. She told me my mom had been in a car accident and was in the hospital with a head injury and couldn't talk.

I asked, "Why didn't you come yesterday? She said she had been at her cabin without a phone and got the message when she got home that morning."

Frankie, isn't there something the humans could do to prevent this from happening to other dogs?

Piper

Dear Piper,

What a terrible ordeal. I'm so sorry you were by yourself without knowing what had happened to your mom. I know what you mean about the humans saying every little thing overwhelms them, like when they can't find their keys or they drop a gallon of juice on the floor. Is it a pain in the neck? Sure, but overwhelming? Come on.

Your experience, however, was a bona fide traumatic event. Yes, there is something that humans can do so this doesn't happen to other dogs.

My mom has a card in the glove compartment attached to the car registration.

The card says, "In case of an accident, I have a dog at home alone, named Frankie."

It lists my address, the names and contact information for two people, and a request that they take care of me in her absence. Please note the card lists two people so that if one can't be contacted, like in your case, there is a backup person.

Thanks for writing in Piper and bringing attention to an issue for dogs or any other animal that is home alone that fortunately has a ready solution.

Best, Frankie

P.S. I was very impressed that you took the time to write to me about your experience. I'm sure it will

No-Name Nor'easter bashes region

By Beth David
Editor

All of Massachusetts and Rhode Island got soaked by a fierce nor'easter from Tuesday to Wednesday, 10/26 and 10/27, that pelted the region with strong winds and lots of rain, resulting in widespread power outages.

Fairhaven and Acushnet had trees down and blocked roads, keeping public works, police and other emergency services personnel working through the night on Tuesday and all day Wednesday clearing roads and routing people away from downed lines. Power outages lasted for two days, with some pockets of power out

for up to four days.

Nearly 500,000 customers lost power in Massachusetts, and more than 93,000 in Rhode Island.

The West Island Weather Station (<https://www.westislandweather.com>) recorded a gust of 66 MPH. Edgartown recorded 94 MPH, Barnstable 80 MPH. Visit [westislandweather.com](https://www.westislandweather.com) for complete storm reports and SkyWarn recap.

At West Island Marina on Causeway Road the docks broke apart sending several boats crashing into the rocks.

One black center console pleasure boat, a "Regulator" model, was on the rocks for hours on Wednesday,

starting in the early morning hours. A cabin cruiser joined it later in the morning/early afternoon. The white boat was tied off and rescue/salvage crews were waiting for the wind to die down to tow it by water. But then the white boat started to sink, so Big Wheels was called in with its large crane and flatbed trucks to haul the boats out of the water and take them across the street to Hoppy's Landing, where they remained at press time.

Winds were still gusting at around 40 MPH during the operation, but the big equipment got the job done.

Find ML Baron's YouTube channel for video of the salvage: <https://www.youtube.com/c/MLBaron>

Acushnet Selectboard discusses Fire Department changes

By Mary Chasse

Neighb News Correspondent

At its meeting on Tuesday, 10/26/21, the Acushnet Selectboard discussed the retirement of the Treasurer/Collector Catherine Muller, finalized the plan for the assessment center for the Fire Department, and briefly discussed meeting with a consulting company about ARPA money.

Chairperson David Desroches started the meeting by announcing the retirement of Ms. Muller, effective December 31, 2021. Mr. Desroches said Ms. Muller stated in her letter how much she enjoyed working for the town and with such great employees, but she needs to focus on her family at this time.

Ms. Muller also wrote that she would love to help prepare her successor for the job and help with a smooth transition.

Selectboard member Kevin Gaspar said Ms. Muller was a great employee and she will be missed.

Selectboard member David Wojnar said that he wanted to thank Ms. Muller for taking on such a large project by changing over the billing system to Invoice Cloud before her retirement. Mr. Wojnar said he was thankful to her for completing that project.

Town Administrator Julie Hebert told the board they should be able to post the job soon because the job description is the same and they just have to update the salary. She said it will be posted as soon as possible.

The board voted unanimously to post the job.

In another matter the board discussed the Fire Department Assessment Center. Mr. Desroches explained that Fire Chief Kevin

Gallagher would be resigning and they will need the assessment center to have the exam for candidates for Fire Chief and Fire Captain.

There is a 50-question exam and candidates will be testing for both jobs that way there is a larger list of candidates for both positions.

Mr. Desroches said the cost of the assessment center/exam is around \$8,889 and the Fire Department has a budget of \$4,000. The Fire Department is asking the Selectboard to appropriate the rest of the money.

Mr. Desroches said that Chief Gallagher said the next steps are to develop job postings for both positions and decide on the weight/percentages for each qualifier. For example how much percentage for

The board also discussed hiring a consulting company to help manage money from the American Rescue Plan Act (ARPA).

written score, assessment score, education, and experience.

The board voted unanimously to appropriate the additional \$4,889.

The board also discussed hiring a consulting company to help manage money that the town has been granted from the American Rescue Plan Act (ARPA).

Ms. Hebert said they have \$3 million to use, but it has many deadlines and has to be used for particular work. She said 2024 is the

deadline to spend the money, but it takes a lot of time and planning.

Ms. Hebert said they could use the money for water infrastructure.

She said she met with Capital Strategic Solutions, a consulting company, and they have a lot of experience with projects like this.

Ms. Hebert said she really liked them and would love to have the board meet with the company and see what they have done for other towns, and have them explain what they could do for Acushnet.

Ms. Hebert said the company would make sure the ARPA money is handled correctly and that all the deadlines are met. The company's fees would also be covered by ARPA.

Mr. Gaspar expressed concerns about where the \$3 million is. He said he does not want to mislead town residents that the town has \$3 million if they do not. They have to have a serious discussion about how to use the money.

Mr. Gaspar said water infrastructure is something that needs to get done, and he wants to allocate the money as best as they can.

Ms. Hebert explained that the ARPA money comes from two different places. They are getting around \$2 million from the county and around \$1.1 million federally.

She said they already have about \$500,000 and will get the rest of the \$1.1 million in the summer. They may not get the \$2 million from the county until they do they work.

Ms. Hebert said if they do not use it they will lose it.

Mr. Gaspar said it could be a good thing to bring in the consulting company and talk with them and see how they can help.

Mr. Wojnar said it would be a great idea to talk with the consultants.

The board voted unanimously to invite the consulting company Capital Strategic Solutions to a meeting.

Mr. Wojnar said he also wanted to make the board aware that they will be losing State Representative Chris Hendricks and will now have two State Representatives that will split the town, William Straus and Paul Schmid.

Mr. Wojnar said that he thinks they should ask Mr. Hendricks if he can set up the Selectboard to meet the two new representatives, that way they can have a good and helpful relationship with them.

The board voted unanimously to ask Rep. Hendricks to set up a meeting with the board and Rep. Straus and Rep. Schmid.

In another matter the board received a letter from the Planning Board about holding a joint meeting to fill the vacancy left by Philip Mello's passing.

Mr. Desroches said he gives his condolences to the family. So far they have received two letters of interest for the vacancy.

The board voted to hold a joint meeting with the Planning Board.

Mr. Gaspar announced that they would still be accepting letters of interest until the next meeting on 11/9.

DRINKING WATER PROBLEM CORRECTED

Customers of the Fairhaven Water Department were notified on October 6, 2021 of a problem with our drinking water and were advised to boil their water. We are pleased to report that the problem has been corrected and that it is no longer necessary to boil your water. Notification that you no longer need to boil your water was made on October 23, 2021 via RAVE calls, radio, television, town website and social media. As required by Mass DEP, we are following up with this newspaper article. We apologize for any inconvenience and thank you for your patience.

Residents/Customers were advised to flush their lines again to remove any contaminated water from their pipes and or fixtures (refrigerator water lines, water tanks, etc.) and any devices with filters should have the filters replaced. Go to the following webpage for detailed information on what to do after the Boil Order is lifted: <https://www.mass.gov/guides/drinking-water-boil-orders-and-public-health-orders#-what-to-do-after-the-order-is-lifted>

We are providing the following summary of the event for your information.

We collected routine samples on Tuesday, October 5, 2021. We were notified by the lab on Wednesday, October 6, 2021, that twelve distribution samples were *E. coli* positive, Total Coliform TNC. We notified Mass DEP the same day we were notified by the lab of the sample results. We collected repeat samples on Thursday, October 7, 2021, and *E. coli* was still detected throughout Town. This *E. coli* positive repeat sample, following the total coliform positive original sample, constitutes an *E. coli* MCL violation. *E. coli* can make you sick and are especially a concern for people with weakened immune systems. We immediately removed the source from service and isolated it from the treatment system.

In addition, Mattapoisett (treatment plant) is continually chlorinating until directed otherwise by Mass DEP and we will be spot chlorinating and flushing the system. The distribution samples collected on October 13, 14, 18 and 20 had some that were total coliform positive with *E. coli* absent. On October 15, 21 and 22 samples were both total coliform and *E. coli* absent.

Bacterial contamination can occur when increased run-off enters the drinking water source (for example, following heavy

rains). It can also happen due to a break in the distribution system (pipes) or a failure in the water treatment process.

Coliforms are bacteria which are naturally present in the environment and are used as an indicator that other, potentially-harmful, bacteria may be present.

E. coli are bacteria whose presence indicates that the water may be contaminated with human or animal wastes. Human pathogens in these wastes can cause short-term effects, such as diarrhea, cramps, nausea, headaches, or other symptoms. They may pose a greater health risk for infants, young children, the elderly, and people with severely compromised immune systems.

The symptoms above are not caused only by organisms in drinking water. If you experience any of these symptoms and they persist, you may want to seek medical advice. People at increased risk should seek advice from their healthcare providers about drinking this water.

What was done?

We immediately took the Tinkham Lane Well, which we believed to be the sole cause of this issue, out of service. We then hired a contractor who investigated the well which revealed a breach in the well casing 8 feet below the surface. Further, we subsequently repaired the breach, cleaned the well and sampled and are awaiting the State's permission to place this well back in service.

For more information, please contact Jeff Furtado, Water Superintendent, at 508-979-4032 (Water Dept. office, messages will be retrieved periodically, and we will return calls as soon as possible). General guidelines on ways to lessen the risk of infection by bacteria and other disease-causing organisms are available from the EPA Safe Drinking Water Hotline at 1-800-426-4791.

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.

As always, you may contact Jeffrey Furtado, at 508-979-4032 with any comments or questions.

This notice is being sent to you by Fairhaven Water Department, PWS ID#: 4094000. Date distributed: 10/29/2021

Vaping is Dangerous to Teens

The start of the school year and new routines brings new worries about teen vaping. These concerns are important, especially now, because smoking and vaping may put people at higher risk of complications from COVID-19.

One in three Massachusetts teens vape and talking with young people about the dangers of vaping can make a difference. Learn more and watch videos at GetOutraged.org, part of a

public information campaign from the Massachusetts Department of Public Health. *Get Outraged!* aims to spread the word that vaping products contain nicotine, can damage a teen's developing brain, and are addictive. The campaign also shares tips on talking with kids about vaping and resources to help them quit.

Get Outraged! complements *Facts. No Filters.*, a campaign with videos and information about vaping for youth at mass.gov/vaping by the Department of Public Health.

In addition, handouts about vaping

and quit resource cards for youth are available free of charge at the Massachusetts Health Promotion Clearinghouse.

For more information and to help you educate young people about vaping, contact me, Colleen Kennedy-Mello, at the Southeast Tobacco-Free Community Partnership, ckennedy@sevenhills.org or 774-634.3955.
